Chapter 1 by Elden

You are sitting at your computer browsing the Story Wars stories when a little pop-up message says: "Bookmark Added!"

You are a little confused for a second and then look at your bookmarks bar and there is a bookmark named: I AM WATCHING YOU. You try to hit remove, but the remove isn't there!

You cringe back as your cursor hovers over the bookmark. You click it.

Chapter 2 by Brock Thompson

It's a video of you! No, wait....

It's a live camera.

Chapter 3 by SaintSayaka

You shift around in your seat uncomfortably, which the camera graciously captures from six different angles. A number in the corner begins to blip, increasing by the second. Is that the

viewer count? You don't have time to ponder. It is then that you receive the next notification.

Suddenly, a disco ball ascends from your ceiling. If you stare at it closely, you can see the faces of hundreds of different people on each reflective surface. What?

The disco ball releases a ray of light, catching you and dragging you up to the ceiling. You are dragged further and further away from your laptop and into the ball. Someone far away is laughing...

Chapter 4 by the smiling man

You are terrified. Suddenly, your ceiling opens and you see cameras all filming you.

Chapter 5 by Tidal_Waves

The disco ball is getting closer, the light ray larger. Just when you are about to touch it, the ray drops you. Your room seems bigger. You are the size of a mouse. And the door has just opened to allow 20 feral cats inside.

Chapter 6 by Tessalini8

"Oh....my....god.....What the f.....!?" You say as you leap out of your chair. Running and panting. You glance around. Cats! Cats everywhere! And you're a mouse, you're their lunch, dinner, or breakfast. You can't think, time has gone askew.

Still running ahead you see a small black dot. It gets bigger as you get closer. Each step a few feet closer.

It's a hole! A small hole. One that these cats can't squeeze through. Cursing you slide into the hole, turn around and see the cats are pounding and pounding against the door.

The pounding stops. You wait a minute. Then two. You look outside the deep dark hole. An eye, a big green eye with the black streak down the middle that follows you everywhere. The streak is like a door slightly ajar leading into a new world. Abrubly a paw reaches inside and you move in the nick of time.

You sit down and breathe. Wow. For the first time you look around your hole or, in this case, you

to fall deeply asleep.

You wake up and everything's a blur. It's dark and the air is thick. You feel the warm breath of someone or even something. Your vision clears. You blink once, twice, three times but you can't blink away what is right in front of you.

Chapter 7 by Tidal_Waves

You hurriedly shut your eyes. No. No no no no no.

You gently press your arm down - into the thing you're lying on. Soft, warm - even a faint pulse. A hand.

You open your eyes. A face. But not just any face. This is the face of your crush - the girl you've been too shy to talk to for over five years.

Amanda breathes a sigh of relief, her hot breath washing over you.

Chapter 8 by Jedryc Romero

But you already know she's dead she died a year ago from cardiac arrest.
